- ❖ After Tyndrum turn left onto A85 towards Oban
- ❖ Keep going, you will now drive along Loch Awe, past the Hollow Mountain at Ben Cruachan (hydro electric plant inside the mountain)
- ❖ When you get to Taynuilt if you are careful as you drive up over the higher parts of the road you can see across the Loch Etive to our house – you are now 40 minutes away so near but so far!
- ❖

- ❖ Drive under the Connel Bridge, and afterwards turn left up A828, this takes you over the Connel Bridge. This is the Falls of Lora, where the waters of Loch Etive have to try to flow out at low tide and sea has to force it's way back in when the tide comes in – this can produce a 'fall' of a couple of metres and with the rocks in the middle of the channel it produces some great white water for kayakers!

- ❖ Once over the Connel Bridge, turn first right to Bonawe. Keep right along the side of Loch Etive and eventually you will see the house. After you see the Archatten Hydro Plant works you will drive through Bonawe village and there is an evil hump in the road, be careful on the other side of it as the road will rip your bumpers off if you are going too fast!

Welcome to Tigh na Breac!
